We are very excited about building this business because of 3 reasons:

1. This TV service sells itself to people. No hard sell convincing or arm twisting is needed. People truly want the service. Once people try the service, they will stick – and not drop out.
2. You cannot get as much TV programming content anywhere else for \$59.99 per month.
3. Even though this company only pays its affiliates on two levels, the monthly income you get will surely grow, and people won't drop out. Everyone who puts in the effort to enroll new people will have a growing monthly income that is lasting and dependable.
